# Crown Royal Fishing Boat

February 05, 2020

## Product Overview

We specialize in Prince William Sound boats. Jet powered diesels, built by hand to last generations. These boats can handle rough seas at very

respectable speeds. We build these boats to spec, in lengths up to 38' with beams as wide as 18'. We install your choice of marine engine and drive. We've built boats with Scania, Cummins, Yanmar, Volvo, and FPT diesel engines. We use Hamilton, MJP, and Traktor jets. Specs for Fishing Vessel Crown Royal shown below.

**Option:** Sea Machines 200 (SM200), an industrial-grade remote control for commercial workboats.
